Target Selection

You might happen to be in a place terrorists target. Avoid possible target areas.
Victim by Location
Victim by Association
Terrorist that target Americans look for the obvious American tourists. In other countries, be aware of your surroundings and try to blend with the local population.
Terrorist look for random, easy targets. Be alert and don't be an easy target.
Victim by Oppportunity

Target Identification

Large, Vulnerable Groups
Name on quarters, office, discarded mail, contents of wallet, unit roster all indicate specific personnel.
Name

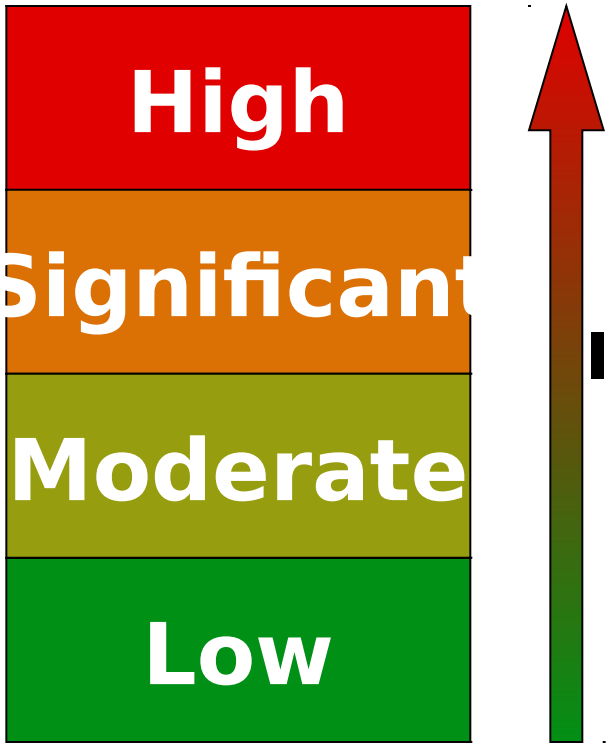
Appearance of Importance

DOD Terrorism Threat Levels



Consider a terrorist group's

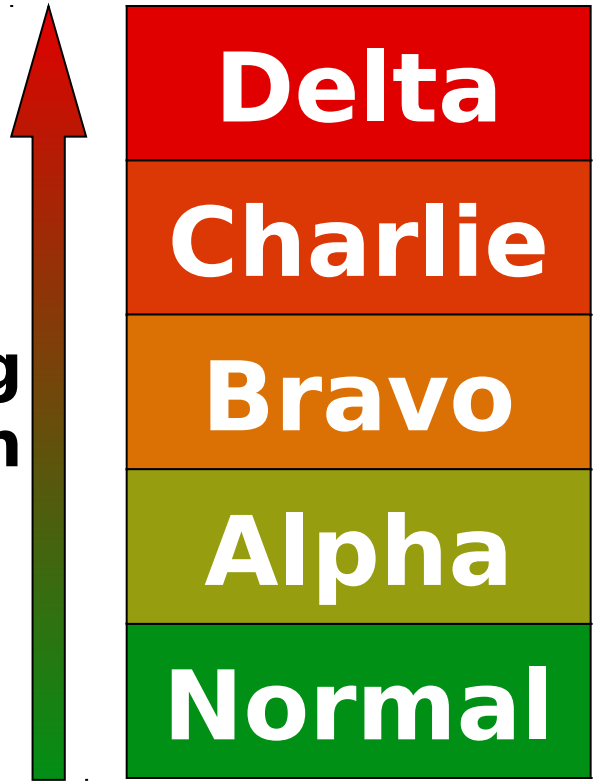
- **Operational capability**
- **Activities**
- **Intentions**

And the operating environment

Force Protection Conditions

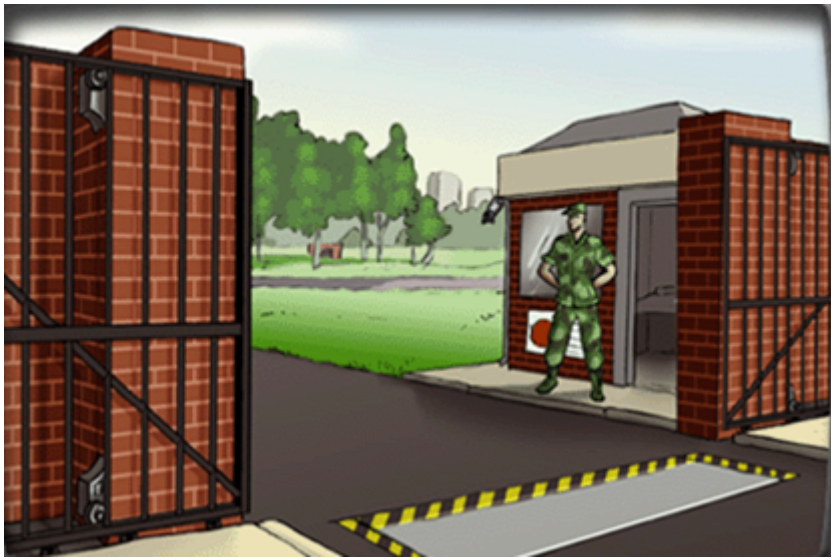
Sample protective measures

- Gate guards
- Barriers
- ID checks
- Vehicle inspections
- Patrols
- Plan rehearsals



FPCON Normal

- **When there is a general global threat of possible terrorist activity, but it warrants only a *routine security posture***
  - **A terrorist attack is always possible**
  - **Best information available offers no indication of probable attack**



Expect to see a routine security posture

FPCON Alpha

- When there is a general threat of ***possible terrorist activity***, the nature and extent of which are ***unpredictable***, against personnel and facilities
  - General conditions suggest possible violence
  - Nothing indicates that this installation is targeted
  - Must be capable of being maintained indefinitely

Expect random vehicle checks and increased crime prevention efforts

FPCON Bravo

- **When an increased and more *predictable terrorist threat activity* exists**
  - **Specific information suggests probable violence**
  - **Nothing indicates that this installation is targeted**
  - **Extra precaution is appropriate to deter terrorist planning**
  - **Must be capable of being maintained for weeks without hardship**

Expect to see closer inspection of vehicles and deliveries, ID checks, and a greater presence of guards on your installation

FPCON Charlie

- **When an incident occurs or when intelligence indicates that some form of *terrorist targeting against personnel and facilities* *is imminent***
  - **Evidence of terrorist attack planning, such as terrorist surveillance or reports from local sources**
  - **Strong protective measures are required, but the unit must continue its regular mission activities**
  - **Implemented for only a short period of time**

Expect rigorous efforts to inspect vehicles and facilities, and you may be required to participate in special guard duties

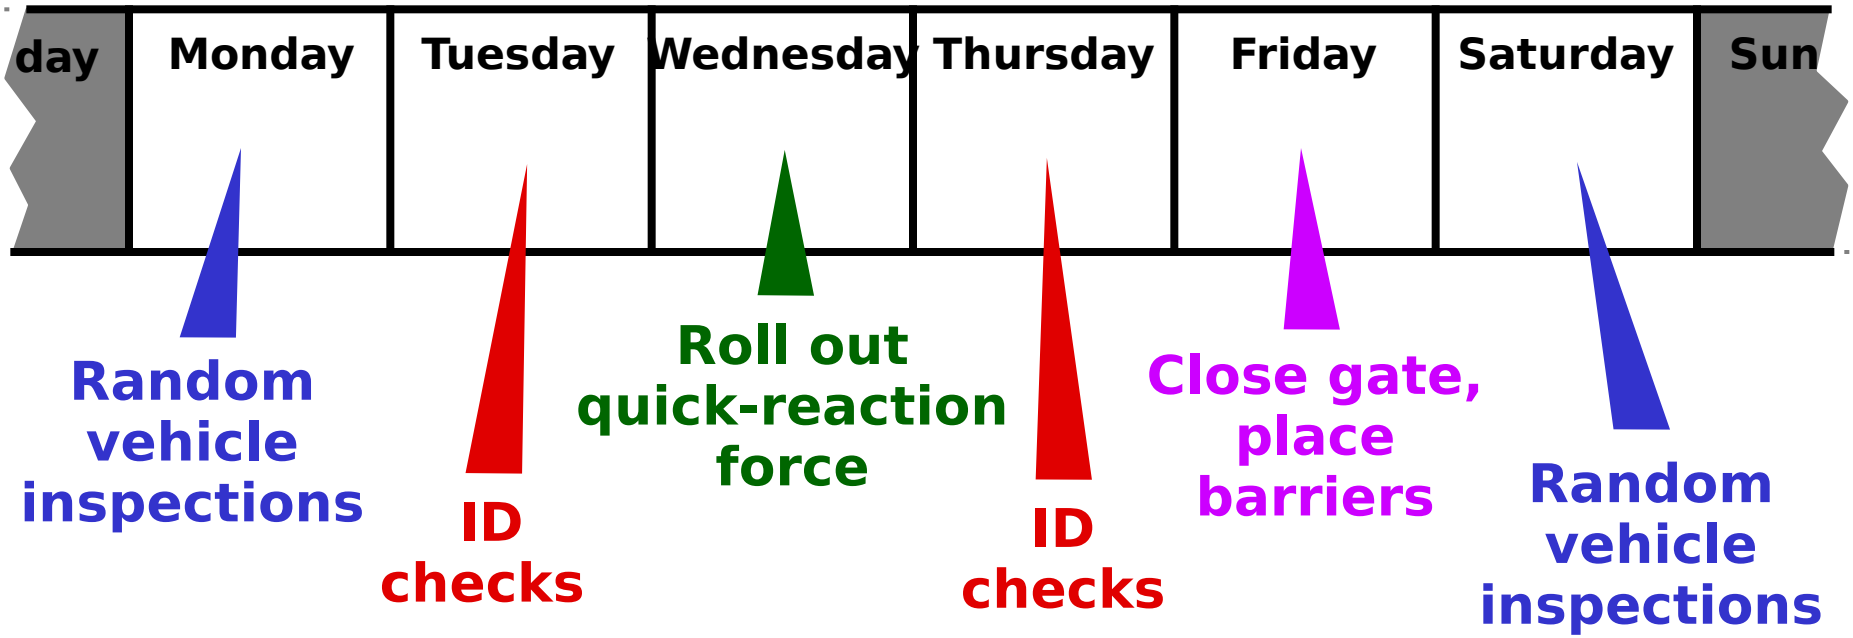
FPCON Delta

- **When a terrorist attack has occurred or when intelligence indicates imminent *terrorist action against a specific location***
  - **Normally, Force Protection Condition Delta is declared as a localized warning**
  - **The installation moves to a high state of alert, and commander implements mandatory security measures**
  - **Commanders encouraged to supplement mandatory security measures**

Additional security measures delay and interrupt normal routines

Random Antiterrorism Measures

Force Protection Condition Normal *plus* random antiterrorism measures



AT Themes
